

INCREASE TRUCK UTILIZATION WITHOUT COMPROMISING SAFETY

Storyboard is the Fleet AI Assistant that ends phone calls, drives compliance, and boosts productivity—all through voice.

SAFER COMMUNICATION, SMARTER OPERATIONS

Our platform: Hands-free, eyes-free voice communication

- Messages play automatically
- Reply or repeat with simple voice commands
- No phone hold time. No screens. No data silos.

Workflows: Agentic workflows for safer, smarter operations

- Eliminate CSA violations and compliance risk
- Automatically alert drivers of dispatch changes
- Save time with intelligent check-ins, reminders, and updates
